# Expanding your business in Finland

Expanding into new international markets can be challenging due to the many issues to consider and resolve. Our Unlock Finland service can provide expert advice and insight to support you every step of the way. From helping you find the best location, to setting up a branch or subsidiary, we are committed to providing pragmatic and timely advice that allows you to focus on achieving your business goals.

International expansion is an important step, but with a dedicated international business adviser, who takes time to understand your business and customise the specific services you require, you'll know you have the support to manage the risks and maximise the potential a new market offers your business.

Our advisers can help at every stage of your company's growth cycle – from starting-up, raising venture funding, listing on a global exchange, acquiring or merging with another company, or using Finland as a base to expand into other markets – which means that whatever the challenge, we're at your side.

# Why choose Finland?

Finland has world class reputation and necessary skills and infrastructure to support a wide range of businesses and entities. The country's success story in becoming a highly industrialized, knowledge-based and innovative economy is based on free trade and openness to investment in the globalized economy. Finland is the only Nordic country that is both a member of the European Union and part of the eurozone. It often ranks among the leaders in various international comparisons from the quality of life to level of education and digitalization.

## Grant Thornton – A truly global organisation
